This proxy statement relates to the solicitation of proxies by our Board of Directors for use at the Annual Meeting.

Proxies will be solicited by mail. We will make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of the shares and will reimburse them for their expenses in so doing. Proxies may be solicited, without extra compensation, by officers, agents and employees of the Company who may communicate with stockholders, banks, brokerage houses and others by telephone, facsimile, email or in person to request that proxies be furnished. All expenses incurred in connection with this solicitation will be borne by Rallybio.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company soliciting my proxy?

The Board of Directors of Rallybio Corporation is soliciting your proxy to vote at the 2023 Annual Meeting of Stockholders to be held at 9:00 a.m. Eastern Time on May 17, 2023, in a virtual meeting format at www.virtualshareholdermeeting.com/RLYB2023, and any adjournments of the meeting, which we refer to as the Annual Meeting. The proxy statement summarizes the purposes of the meeting and the information you need to know to vote at the Annual Meeting.

We have sent you this proxy statement, the proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2022 because you owned shares of Rallybio Corporation's common stock on the record date.

When were this proxy statement and the accompanying materials sent to stockholders?

On or about April 10, 2023, we began sending the Proxy Materials to all stockholders entitled to vote at the Annual Meeting.

When is the record date for the Annual Meeting?

The Company's Board of Directors has fixed the record date for the Annual Meeting as of the close of business on March 20, 2023. Only stockholders who owned our common stock at the close of business on March 20, 2023 are entitled to vote at the Annual Meeting.

Why a Virtual Meeting?

We are hosting a virtual meeting to enable greater participation. Stockholders will be able to attend the meeting online and submit questions by visiting www.virtualshareholdermeeting.com/RLYB2023. Stockholders will also be able to submit questions and vote their shares electronically during the meeting.

How many votes can be cast by all stockholders?

A total of 37,746,214 shares of common stock of the Company were outstanding as of close of business on March 20, 2023 and are entitled to be voted at the meeting. Each share of common stock is entitled to one vote on each matter.

How do I vote?

Stockholders will need their unique control number, which appears on the proxy card (printed in the shaded bar), or within the body of the email sending the proxy statement. You will need your control number to access the virtual Annual Meeting, submit your questions and vote your shares electronically. The Annual Meeting will begin promptly at 9:00 a.m., Eastern Time, on May 17, 2023. You may vote as follows:

By Internet. Visit www.proxyvote.com and follow the instructions provided on the proxy card. You will be asked to provide the control number from the proxy card and follow the instructions. Most stockholders who hold shares beneficially in street name may provide voting instructions by accessing the website specified on the voting instruction form provided by their brokers, banks or nominees. Your vote must be received by 11:59 p.m., Eastern Time, on May 16, 2023 to be counted.

By Telephone. Dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the proxy card. Your telephone vote must be received by 11:59 p.m., Eastern Time, on May 16, 2023 to be counted.

By Mail. Vote by proxy card by completing, signing, dating, and mailing your proxy card in the envelope provided. If you vote by Internet, please do not mail your proxy card. Stockholders who hold shares beneficially in street name may provide voting instructions by mail by completing, signing and dating the voting instruction forms provided by their brokers, banks or other nominees. Your proxy will be voted in accordance with your instructions. If you sign and return a proxy but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors and according to the discretion of the proxy holder named in the proxy card upon any other business that may properly be brought before the meeting and at all adjournments and postponements thereof. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

At the Virtual Meeting. The meeting will be held entirely online. During the Annual Meeting, you may vote online by following the instructions at www.virtualshareholdermeeting.com/RLYB2023. Have the proxy card, which contains your control number, available when you access the virtual meeting webpage. If you have already voted previously by Internet or mail, there is no need to vote again at the Annual Meeting unless you wish to revoke and change your vote. Shares held beneficially in street name may be voted electronically at the Annual Meeting only if you obtain a legal proxy from the broker, bank or nominee that holds your shares giving you the right to vote the shares.

What are the Board's recommendations on how to vote my shares?

The Board of Directors recommends a vote:

Proposal 1: FOR election of Helen M. Boudreau, Lucian Iancovici, and Christine A. Nash, as Class II directors.

Proposal 2: FOR ratification of selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023.

Who pays the cost for soliciting proxies?

Rallybio will bear the cost of solicitation of proxies. This includes the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of our outstanding common stock. This cost also includes support for the hosting of the virtual Annual Meeting. Rallybio may solicit proxies by mail, personal interview, telephone or via the Internet through its officers, directors and other management employees, who will receive no additional compensation for their services.

Can I change my vote?

You may revoke your proxy at any time before it is voted by notifying the Secretary in writing, by returning a signed proxy with a later date, by transmitting a subsequent vote over the Internet or by telephone prior to the close of the Internet voting facility or the telephone voting facility, or by attending and voting live at the virtual meeting. If your stock is held by a broker, bank or other nominee (i.e., in "street name"), you must contact your broker or nominee for instructions as to how to change your vote.

How is a quorum reached?

The presence, virtually in person or by proxy, of holders of at least a majority of the total number of outstanding shares entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and "broker non-votes" (i.e., shares represented at the meeting held by brokers, bankers or other nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and, with respect to one or more but not all matters, such brokers or nominees do not have discretionary voting power to vote such shares), if any, will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting.

What vote is required to approve each item?

Proposal 1: Elect Directors: A nominee for director shall be elected to the Board of Directors if the votes properly cast FOR such nominee's election exceed the votes properly cast AGAINST such nominee's election (with "abstentions" and "broker non-votes" not counted as votes cast either FOR or AGAINST any director's election). Only FOR and AGAINST votes will affect the outcome. Abstentions will have no effect on this Proposal 1. **We expect Proposal 1 will be a non-routine matter.** Therefore, brokerage firms will not have authority to vote customers' unvoted shares held by the firms in street name for the election of directors. As a result, any shares not voted by a customer will be treated as a broker non-vote. Such broker non-votes will have no effect on the results of this vote.

Proposal 2: Ratify Selection of our Independent Registered Public Accounting Firm: For the ratification of the selection of our independent registered public accounting firm for our 2023 fiscal year, the votes cast FOR must exceed the votes cast AGAINST. Only FOR and AGAINST votes will affect the outcome. Abstentions will have no effect on the results of this vote. **We expect Proposal 2 will be a routine matter.** Therefore, brokerage firms will have authority to vote customers' unvoted shares held by the firms in street name on this proposal. If a broker does not exercise this authority, such broker non-votes will have no effect on the results of this vote. We are not required to obtain the approval of our stockholders to select our independent registered public accounting firm. However, if our stockholders do not ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023, the Audit Committee of the Board of Directors will reconsider its selection.

A "broker non-vote" occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote the shares on a proposal because the broker, bank or other nominee does not have discretionary voting power for a particular item and has not received instructions from the beneficial owner regarding voting. Brokers, banks or other nominees who hold shares for the accounts of their clients have discretionary authority to vote shares if specific instructions are not given with respect to routine matters. Although the determination of whether a broker, bank or other nominee will have discretionary voting power for a particular item is typically determined only after proxy materials are filed with the SEC, we expect that the election of each nominee for director (Proposal 1) will be a non-routine matter and that the proposal on ratification of the appointment of our independent registered public accounting firm (Proposal 2) will be a routine matter.

If there are insufficient votes to approve these proposals, your proxy may be voted by the persons named in the proxy card to adjourn the Annual Meeting in order to solicit additional proxies in favor of the approval of such proposal(s). If the Annual Meeting is adjourned or postponed for any purpose, at any subsequent reconvening of the meeting, your proxy will be voted in the same manner as it would have been voted at the original convening of the Annual Meeting unless you withdraw or revoke your proxy.

Could other matters be decided at the Annual Meeting?

We do not know of any other matters that may be presented for action at the Annual Meeting. Should any other business come before the meeting, the persons named on the enclosed proxy will have discretionary authority to vote the shares represented by such proxies in accordance with their best judgment. If you hold shares through a broker, bank or other nominee as described above, they will not be able to vote your shares on any other business that comes before the Annual Meeting unless they receive instructions from you with respect to such matter.

What happens if the meeting is postponed or adjourned?

Your proxy may be voted at the postponed or adjourned meeting. You will still be able to change your proxy until it is voted.

What does it mean if I receive more than one proxy card or voting instruction form?

It means that you have multiple accounts at the transfer agent or with brokers. Please complete and return all proxy cards or voting instruction forms to ensure that all of your shares are voted.

What if during the check-in time or during the Annual Meeting I have technical difficulties or trouble accessing the virtual meeting website?

We will have technicians ready to assist you with any technical difficulties you may have accessing the virtual meeting website. If you encounter any difficulties accessing the virtual meeting website, please call the technical support number that will be posted on the Annual Meeting log-in page.

Electronic Delivery of Company Stockholder Communications

Most stockholders can elect to view future proxy materials and annual reports over the Internet instead of receiving paper copies in the mail. You can choose this option and save us the cost of producing and mailing these documents by following the instructions provided when you vote over the Internet.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information as of March 31, 2023 (unless otherwise specified), with respect to the beneficial ownership of our common stock by each person who is known to own beneficially more than 5% of the outstanding shares of common stock, each person currently serving as a director, each nominee for director, each named executive officer (as set forth in the Summary Compensation Table below), and all directors and executive officers as a group.

Director Independence

Under the rules of the Nasdaq Stock Market, independent directors must comprise a majority of a listed company's board of directors within one year of the completion of its initial public offering. In addition, the rules of the Nasdaq Stock Market require that, subject to specified exceptions, each member of a listed company's audit and compensation committees be independent and that director nominees be selected or recommended for the board's selection by independent directors constituting a majority of the independent directors or by a nominating and corporate governance committee comprised solely of independent directors. Under the rules of the Nasdaq Stock Market, a director will only qualify as "independent" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that such person is "independent" as defined under Nasdaq Stock Market and the rules under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Audit Committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the Audit Committee, the Board of Directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries or (2) be an affiliated person of the listed company or any of its subsidiaries.

Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board of Directors has determined that each of our directors, with the exception of Dr. Mackay, is an "independent director" as defined under applicable rules of the Nasdaq Stock Market. In addition, all members of our Audit Committee satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act, and all members of our Compensation Committee satisfy the independence criteria set forth in Rule 10C-1 under the Exchange Act and are "non-employee directors" as defined in Section 16b-3 of the Exchange Act, and all members of the Nominating and Corporate Governance Committee are "independent" as defined under the applicable listing standards of Nasdaq. In making such determination, our Board of Directors considered the relationships that each such non-employee director has with our Company and all other facts and circumstances that our Board of Directors deemed relevant in determining his or her independence, including the beneficial ownership of our capital stock

by each non-employee director. Dr. Mackay is not an independent director under these rules because he is our Chief Executive Officer.

Board Meetings and Attendance

The Board of Directors held 10 meetings during the year ended December 31, 2022. Each of the directors attended at least seventy-five percent (75%) of the meetings of the Board of Directors and the committees of the Board of Directors on which he or she served during the year ended December 31, 2022 (in each case, which were held during the period for which he or she was a director and/or a member of the applicable committee and excluding any meetings in which a director was an interested party).

While we do not have a formal policy regarding director attendance at the annual meeting of stockholders, we expect our Board members to prepare for, attend and participate in all Board and applicable committee meetings, including by means of remote communication.

Board of Directors Leadership Structure

Dr. Mackay, our Chief Executive Officer, serves as Chair of our Board of Directors. The independent members of our Board of Directors have periodically reviewed our Board of Directors' leadership structure and have determined that the Company and our stockholders are well served with this structure. Dr. Mackay serves on the board of directors of two large companies, and as one of the founders of Rallybio, is well-positioned to understand the Company's strategy, mission, and culture. Our Board of Directors believes that it is in the best interests of the Company for our Board of Directors to make a determination regarding whether or not to separate the roles of any chairperson and the Chief Executive Officer based on the then-current circumstances.

The Board of Directors' Role in Risk Oversight

The Board of Directors plays an important role in risk oversight at Rallybio through direct decision-making authority with respect to significant matters, as well as through the oversight of management by the Board of Directors and its committees. In particular, the Board of Directors administers its risk oversight function through (1) the review and discussion of regular periodic reports by the Board of Directors and its committees on topics relating to the risks that Rallybio faces, (2) the required approval by the Board of Directors (or a committee of the Board of Directors) of significant transactions and other decisions, (3) the direct oversight of specific areas of Rallybio's business by the Audit, Compensation and Nominating and Corporate Governance Committees, and (4) regular periodic reports from the auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to our internal control over financial reporting. The Board of Directors also relies on management to bring significant matters impacting Rallybio to the attention of the Board of Directors.

Pursuant to the Audit Committee's charter, the Audit Committee is responsible for reviewing and discussing with management and Rallybio's independent registered public accounting firm, Rallybio's system of its critical accounting practices, and policies relating to risk assessment and management. As part of this process, the Audit Committee discusses Rallybio's major financial risk exposures and steps that management has taken to monitor and control such exposure. In addition, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by employees of concerns regarding accounting, internal accounting controls, auditing and compliance matters.

Because of the role of the Board of Directors and the Audit Committee in risk oversight, the Board of Directors believes that any leadership structure that it adopts must allow it to effectively oversee the management of the risks relating to Rallybio's operations. The Board of Directors acknowledges that there are different leadership structures that could allow it to effectively oversee the management of the risks relating to the Company's operations and believes its current leadership structure enables it to effectively provide oversight with respect to such risks.

BOARD COMMITTEES

The Board of Directors has a standing Audit, Compensation and Nominating and Corporate Governance Committee. Each of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee is comprised solely of independent directors, and is described more fully below. Each committee operates pursuant to a written charter and each reviews and assesses the adequacy of its charter periodically and submits its charter to the Board for approval. The charters for each committee are all available on our website (www.rallybio.com) under the "Investors" section.

The following table describes which directors currently serve on each of the Board of Directors' committees.

Compensation Consultant

The Compensation Committee has engaged Pearl Meyer, as its independent compensation consultant. Pearl Meyer provides analysis and recommendations to the Compensation Committee regarding:

- trends and emerging topics with respect to executive compensation;
- compensation programs for our executive officers, directors and employees; and
- stock utilization and related metrics.

When requested, Pearl Meyer consultants attend meetings of the Compensation Committee, including executive sessions in which executive compensation related matters are discussed without the presence of management. Pearl Meyer reports to the Compensation Committee and not to management, although Pearl Meyer meets with management for purposes of gathering information for its analyses and recommendations.

In determining to engage Pearl Meyer, the Compensation Committee considered the independence of Pearl Meyer, taking into consideration relevant factors, including the absence of other services provided to the Company by Pearl Meyer, the amount of fees the Company paid to Pearl Meyer as a percentage of Pearl Meyer's total revenue, the policies and procedures of Pearl Meyer that are designed to prevent conflicts of interest, any business or personal relationship of the individual compensation advisors employed by Pearl Meyer with any executive officer of the Company, any business or personal relationship the individual compensation advisors employed by Pearl Meyer have with any member of the Compensation Committee, and any stock of the Company owned by Pearl Meyer or the individual compensation advisors employed by Pearl Meyer. The Compensation Committee has determined, based on its analysis and in light of all relevant factors, including the factors listed above, that the work of Pearl Meyer and the individual compensation advisors employed by Pearl Meyer as compensation consultants to the Compensation Committee has not created any conflicts of interest, and that Pearl Meyer is independent pursuant to the independence standards set forth in the Nasdaq listing standards promulgated pursuant to Section 10C of the Exchange Act.

(1) The amounts shown in this column represent the grant date fair value of incentive units granted to Drs. Mackay and Uden and Mr. Fryer in fiscal year 2021, computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The assumptions used to value the 2021 incentive units for this purpose are set forth in Note 5 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2021. The Company evaluated the liquidation of Rallybio Holdings units and subsequent issuance of common stock awards of Rallybio Corporation in 2021, as a modification under ASC 718, Share Based Payments. Under ASC 718, a modification is a change in the terms or conditions of a stock-based compensation award. In assessing the modification, the Company considered the fair value, vesting conditions and classification as an equity or liability award before liquidation and replacement, compared to the Company's common stock received as of the liquidation of Rallybio Holdings to determine whether modification accounting must be applied. As the number of shares of common stock of the Company that the unitholders of Rallybio Holdings received in the liquidation was based on the fair value of those units in Rallybio Holdings immediately prior to the liquidation, unvested units were replaced with restricted common shares with the same vesting terms as the initial awards, and the classification of the awards as equity awards did not change from this action, no incremental stock-based compensation expense resulted from the modification.

(2) The amounts shown in this column represent the aggregate grant date fair value of options to purchase shares of our common stock granted to our named executive officers in fiscal years 2022 and 2021, computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The assumptions used to

value the options for this purpose are set forth in Note 7 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

- (3) The amounts shown in this column represent annual bonuses earned with respect to fiscal years 2022 and 2021 under our annual bonus program as described below under "Annual Bonuses."
- (4) The amounts shown in this column for fiscal years 2022 and 2021 reflect SIMPLE IRA matching contributions, described below under "Employee and Retirement Benefits."
- (5) Mr. Fryer departed the Company on February 15, 2023.

Narrative disclosure to summary compensation table

Overview

The Compensation Committee of our Board of Directors is responsible for determining the compensation of our named executive officers. Drs. Mackay and Uden, and Mr. Fryer are our founders and, since our inception, have received the same levels and types of compensation.

The Compensation Committee has engaged Pearl Meyer & Partners, LLC ("Pearl Meyer"), an independent compensation consulting firm, to assist it in evaluating the Company's executive and director compensation practices, including program design, identification of an appropriate peer group for compensation comparison purposes and providing pay benchmarking data. The Compensation Committee has assessed the independence of Pearl Meyer from management and, on the basis of that assessment and taking into consideration the independence factors that are required to be considered under applicable stock exchange rules, determined that no relationships exist that would create a conflict of interest or that would compromise Pearl Meyer's independence.

Agreements with our named executive officers

Drs. Mackay and Uden are each party to an amended and restated employment agreement with our operating company subsidiary, Rallybio, LLC, which sets forth the terms and conditions of the named executive officer's employment with us. During his employment, Mr. Fryer was party to an amended and restated employment agreement with Rallybio, LLC. The material terms of the agreements are described below. The terms "cause," "good reason" and "change in control" referred to below are defined in the respective named executive officer's agreement.

Each amended and restated employment agreement provides for an initial annual base salary, subject to review for increase by our Board of Directors or the Compensation Committee. Each amended and restated employment agreement also provides for a target annual bonus as a percentage of annual base salary, with the actual amount of the bonus payable based upon the achievement of performance goals as determined by our Board of Directors or the Compensation Committee. In February 2022, the target annual bonus for each of our named executive officers was increased to 45%.

Annual base salary

Effective January 1, 2022, the annual base salaries of our named executive officers were increased from \$470,000 to \$491,150. As it was determined that each of the named executive officers, including the founders, would receive the same annual base salary, the Compensation Committee reviewed pay benchmarking data for the Company's peer group and for each position held by our named executive officers. The Compensation Committee recommended, and the Board of Directors approved, the same annual base salary of \$491,150 for each of our named executive officers after consideration of such benchmarking data.

Annual bonuses

With respect to fiscal year 2022, each of Drs. Mackay and Uden and Mr. Fryer was eligible to receive an annual bonus. For fiscal year 2022, the target bonus amount for each of Drs. Mackay and Uden and Mr. Fryer was 45% of the named executive officer's annual base salary. Annual bonuses for fiscal year 2022 for our named executive officers were

based on the attainment of pre-established corporate objectives as determined by the Compensation Committee and the Board of Directors, including those related to financing the Company's operations, advancing the Company's pipeline and executing on its preclinical and clinical plans, furthering business development to expand the Company's portfolio, building a world-class team and company culture, and scaling operations to align with the Company's long-term plans. Following the end of fiscal year 2022, the Compensation Committee determined that the performance goals for the named executive officers were met at 90% of target and each of Drs. Mackay and Uden and Mr. Fryer earned a bonus of \$198,916.

Severance upon termination of employment; change in control; restrictive covenants.

Employment Agreements for Drs. Mackay and Uden. Each of Drs. Mackay and Uden is entitled to severance payments and benefits in connection with certain qualifying terminations of employment under his respective amended and restated employment agreement. If the executive officer's employment is terminated by us without cause, as a result of our non-extension of the employment term or by him for good reason, he will be entitled to receive (i) any earned and payable, but unpaid, prior year annual bonus (or current year bonus if the termination occurs on the last day of the calendar year), (ii) continued payment of his annual base salary for a period of 12 months following termination and (iii) subject to his timely election of COBRA coverage, payment of a monthly amount equal to the monthly health premiums paid by us on behalf of the executive officer and his eligible dependents for 12 months following termination (or, if earlier, until such time as the executive officer ceases to be eligible for COBRA coverage or obtains health coverage from another employer). If the executive officer's employment is terminated by reason of his death or disability, he will be entitled to receive (i) any earned and payable, but unpaid, prior year annual bonus (or current year bonus if the termination occurs on the last day of the calendar year) and (ii) continued payment of his annual base salary for a period of six months following termination.

If the executive officer's employment is terminated by us without cause, as a result of our non-extension of the employment term or by him for good reason, in each case within the 12-month period following a change in control, in lieu of the severance payments and benefits described above, he will be entitled to receive (i) any earned and payable, but unpaid, prior year annual bonus (or current year bonus if the termination occurs on the last day of the calendar year), (ii) an amount equal to 1.5 times the sum of the executive officer's annual base salary and target annual bonus, payable over 18 months following termination and (iii) subject to his timely election of COBRA coverage, payment of a monthly amount equal to the monthly health premiums paid by us on behalf of the executive officer and his eligible dependents for 18 months following termination (or, if earlier, until such time as the executive officer ceases to be eligible for COBRA coverage or obtains health coverage from another employer). Under their respective amended and restated employment agreements, any outstanding and unvested equity awards, the vesting of which is based only on the passage of time, held by the named executive officer as of a change in control will vest in full upon the consummation of the change in control, subject to the executive officer's continued employment with us through the date of such Change in Control.

Severance Subject to Release of Claims. Our obligation to provide a named executive officer with severance payments and other benefits under his respective amended and restated employment agreement is conditioned on the executive officer signing a release of claims in favor of us.

Restrictive Covenants. Under their respective amended and restated employment agreements, each of Drs. Mackay and Uden has agreed not to compete with us during his employment and for one year following his termination of employment or solicit our customers, employees, representatives, agents, vendors, joint venturers or licensors during his employment and for one year following his termination of employment. In addition, each named executive officer has agreed to a perpetual non-disparagement covenant. Each of Drs. Mackay and Uden is also party to a Confidential Information and Invention Assignment Agreement under which each executive officer has agreed to a perpetual confidentiality covenant and an assignment of intellectual property covenant.

Release and Separation Agreement with Mr. Fryer. Mr. Fryer, our former Chief Financial Officer and founder, was also party to an amended and restated employment agreement with Rallybio, LLC containing terms consistent with those described above for the other named executive officers, under which he was entitled to severance payments and benefits in connection with certain qualifying terminations of employment and was subject to certain restrictive covenants. In addition, Mr. Fryer was also party to a Confidential Information and Invention Assignment Agreement under which he agreed to a perpetual confidentiality covenant and an assignment of intellectual property covenant. In connection with Mr.

Fryer's departure on February 15, 2023, Mr. Fryer entered into a confidential release and separation agreement with us, pursuant to which we agreed to accelerate the vesting of 75,000 shares of restricted common stock of the Company as of such date. Under the agreement Mr. Fryer has agreed not to compete with us for one year following his termination of employment or solicit our customers, employees, representatives, agents, vendors, joint venturers or licensors for one year following his termination of employment. In addition, Mr. Fryer has agreed to perpetual confidentiality and non-disparagement covenants.

Employee and retirement benefits

We currently provide broad-based health and welfare benefits that are available to all of our employees, including our named executive officers, including health, life and AD&D, disability, vision and dental insurance. We maintain a SIMPLE IRA retirement plan for our full-time employees for retirement contributions made prior to January 1, 2023. The SIMPLE IRA plan provided that we would make matching employer contributions to the SIMPLE IRA plan equal to up to 3% of eligible compensation contributed to the plan by an eligible employee for the applicable year (subject to Internal Revenue Code (the "Code") limits).

Beginning in January 2023, we maintain a tax-qualified retirement plan ("401(k) Plan"), for our full-time employees, including our named executive officers. The 401(k) Plan provides eligible U.S. employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees are able to defer eligible compensation subject to applicable annual limits provided for in the Code. We make matching contributions into the 401(k) Plan on behalf of participants, equal to up to 3% of eligible compensation. Employees' pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participants' directions. Employees are immediately and fully vested in their contributions. Our 401(k) Plan is intended to be qualified under Section 401(a) of the Code with our 401(k) Plan's related trust intended to be tax exempt under Section 501(a) of the Code. As a tax-qualified retirement plan, contributions to our 401(k) Plan and earnings on those contributions are not taxable to the employees until distributed from our 401(k) Plan.

Insider Trading Policy

The Company adopted an insider trading policy in connection with the Company's initial public offering in August 2021. The insider trading policy prohibits our officers, directors, and employees from purchasing or selling the Company's securities while in possession of material, nonpublic information, prohibits any hedging, short sales or pledging transactions with respect to the Company's securities by directors, officers and all employees, and includes requirements regarding Rule 10b5-1 plans.

Mackay and Uden and Mr. Fryer received an option to purchase 62,000 shares of our common stock under the Rallybio Corporation 2021 Equity Incentive Plan (the "2021 Plan"), which vests in 48 equal installments over four years, generally subject to the named executive officer's continued employment with us through the applicable vesting date.

Director compensation policy - 2022

The Board of Directors adopted a non-employee director compensation policy for members of our Board of Directors. In December 2022, the Board of Directors updated the non-employee director compensation policy for compensation payable in 2023. Under the non-employee director compensation policy applicable to 2022 director compensation and 2023 director compensation to the extent not updated as described below, our non-employee directors were and are compensated as follows:

- each non-employee director receives an annual cash fee of \$35,000 (\$65,000 for the chair of our Board of Directors and \$50,000 for the lead independent director, if applicable);
- each non-employee director who is a member of the Audit Committee receives an additional annual cash fee of \$7,500 (\$15,000 for the Audit Committee chair);
- each non-employee director who is a member of the Compensation Committee receives an additional annual cash fee of \$5,000 (\$10,000 for the Compensation Committee chair);
- each non-employee director who is a member of the nominating and governance committee receives an additional annual cash fee of \$4,000 (\$8,000 for the nominating and governance committee chair);
- each non-employee director will be granted an option to purchase 26,880 shares of our common stock under the 2021 Plan upon his or her initial election or appointment to our Board of Directors; and
- each non-employee director will annually be granted an option to purchase 13,440 shares of our common stock under the 2021 Plan on the date of the first meeting of our Board of Directors held after the annual meeting of our stockholders, prorated for non-employee directors initially elected or appointed to our Board of Directors during the 12 months preceding the grant date to reflect the number of months of service during such 12-month period.

Prior to January 1st of any year, a non-employee director may elect to receive his or her annual cash retainer in the form of an option to purchase shares of our common stock, which is expected to vest in 12 equal monthly installments, on the last day of each month during such calendar year, subject to the director's continued service on our Board of Directors through each applicable vesting date. Prior to fiscal year ended December 31, 2022, five of our non-employee directors made such an election.

The stock options granted to our non-employee directors will have a per share exercise price equal to the closing price of a share of our common stock on the date of grant (or the immediately preceding date on which a closing price was reported if there is no closing price on the date of grant) and will expire not later than ten years after the date of grant. The stock option granted to a non-employee director upon the non-employee director's initial election or appointment to our Board of Directors will vest in three equal annual installments, subject to the director's continued service on our Board of Directors through each applicable vesting date. The annual stock options granted to our non-employee directors will

vest in full on the earlier of the first anniversary of the date of grant or the next annual meeting of our stockholders, subject to the director's continued service on our Board of Directors. Upon a change in control (as defined in the 2021 Plan (or as such term or similar term is defined in any successor plan)), each initial stock option and each annual stock option that is then outstanding will vest in full, subject to the director's continued service on our Board of Directors through such change in control.

All cash fees will be paid quarterly, in arrears, or upon the earlier resignation or removal of the non-employee director. The amount of each payment will be prorated for any portion of a calendar quarter that a non-employee director is not serving on our Board of Directors, based on the number of calendar days served by such non-employee director.

Each non-employee director is entitled to reimbursement for reasonable travel and other expenses incurred in connection with attending meetings of our Board of Directors and any committee on which he or she serves.

The Compensation Committee reviews and makes recommendations to our Board of Directors regarding the non-employee director compensation arrangements, and the Board of Directors reviews and approves non-employee director compensation. The Compensation Committee considers information regarding director compensation paid at peer companies, including an evaluation by the committee's compensation consultant. In December 2022, the Board of Directors approved the following changes to the non-employee director compensation policy, applicable to 2023 director compensation:

- the annual cash fee payable to each non-employee director was increased from \$35,000 to \$40,000;
- the option to purchase shares of our common stock granted upon a director's initial election or appointment to our Board of Directors was increased from an option to purchase 26,880 shares of our common stock to an option to purchase 30,980 shares of our common stock, and such option will vest monthly instead of annually; and
- the annual option to purchase shares of our common stock was increased from an option to purchase 13,440 shares of our common stock to an option to purchase 15,490 shares of our common stock.

AUDIT COMMITTEE REPORT

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

We operate in accordance with a written charter adopted by our Board of Directors and reviewed annually by the Audit Committee. We are responsible for overseeing the quality and integrity of Rallybio’s accounting, auditing and financial reporting practices. In accordance with the rules of the SEC and Nasdaq, the Audit Committee is composed entirely of members who are independent, as defined by the listing standards of Nasdaq and Rallybio’s Corporate Governance Guidelines. Further, our Board of Directors has determined that one of our members (Ms. Boudreau) is an Audit Committee financial expert as defined by the rules of the SEC.

We met 4 times during fiscal 2022 with Rallybio Corporation’s management and Deloitte & Touche LLP (“Deloitte”), Rallybio’s independent registered public accounting firm, including, but not limited to, meetings held to review and discuss the annual audited and quarterly financial statements and the Company’s earnings press releases.

We believe that we fully discharged our oversight responsibilities as described in our charter, including with respect to the audit process. We reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2022, with management and Deloitte. Management has the responsibility for the preparation of Rallybio’s financial statements, and Deloitte has the responsibility for the audit of those statements. We discussed with Deloitte the matters required to be discussed by Public Company Accounting Oversight Board (“PCAOB”), Auditing Standard No. 1301 and the SEC. We received the written disclosures and the letter from Deloitte pursuant to Rule 3526, Communication with Audit Committees Concerning Independence, of the PCAOB, concerning any relationships between Deloitte and Rallybio and the potential effects of any disclosed relationships on Deloitte’s independence, and discussed with Deloitte its independence. We reviewed with Deloitte their audit plans, audit scope, identification of audit risks and their audit efforts, and discussed and reviewed the results of Deloitte’s examination of Rallybio’s financial statements both with and without management.

We considered any fees paid to Deloitte for the provision of non-audit related services and do not believe that these fees compromise Deloitte’s independence in performing the audit.

Based on these reviews and discussions with management and Deloitte, we approved the inclusion of Rallybio Corporation’s audited financial statements in its Annual Report on Form 10-K for the fiscal year ended December 31, 2022 for filing with the SEC. We also have selected Deloitte as the independent registered public accounting firm for the fiscal year ended December 31, 2023, subject to ratification by Rallybio Corporation’s stockholders.

Members of the Rallybio Audit Committee

Robert Hopfner, R.Ph., Ph.D., M.B.A.
Ronald M. Hunt, M.B.A.
Hui Liu, Ph.D., M.B.A.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

There have been no transactions since January 1, 2021 in which we were a party, the amount involved exceeded or will exceed the lesser of (i) \$120,000 or (ii) one percent of the average of our total assets at year end for the last two completed fiscal years, and in which any related person had a direct or indirect material interest, other than compensation arrangements which are described above under the heading "Executive Officer and Director Compensation."

We previously operated as Rallybio Holdings, LLC, a Delaware limited liability company ("Holdings LLC"). In connection with our initial public offering, we completed a reorganization (the "Reorganization") such that we now operate as Rallybio Corporation.

Registration Rights Agreement

Following the Reorganization and prior to the completion of our initial public offering, we entered into a Registration Rights Agreement with the stockholders of the Company (the "Registration Rights Agreement"). The Registration Rights Agreement grants the parties thereto certain registration rights in respect of the "registrable securities" held by them, which securities include (i) the shares of our common stock held by our stockholders following the Reorganization and prior to the consummation of our initial public offering and (ii) any common stock issued as (or issuable upon the conversion or exercise of any warrant, right, or other security that is issued as) a dividend or other distribution with respect to, or in exchange for or in replacement of, the shares referenced in clause (i) above. The registration of shares of our common stock pursuant to the exercise of these registration rights would enable the holders thereof to sell such shares without restriction under the Securities Act when the applicable registration statement is declared effective. Under the Registration Rights Agreement, we will pay all expenses relating to such registrations, including the fees of one counsel for the participating holders, and the holders will pay all underwriting discounts and commissions relating to the sale of their shares. The Registration Rights Agreement also includes customary indemnification and procedural terms. As of December 31, 2022, holders of approximately 21.0 million shares of our common stock are to be entitled to such registration rights pursuant to the Registration Rights Agreement. These registration rights will expire on the earlier of (i) such time after our initial public offering as Rule 144 or another similar exemption under the Securities Act is available for the sale of all of such holder's shares without limitation during a three-month period without registration and (ii) the third anniversary of the consummation of our initial public offering.

Director and Officer Indemnification and Insurance

We have agreed to indemnify each of our directors and executive officers against certain liabilities, costs and expenses, and have purchased directors' and officers' liability insurance. We also maintain a general liability insurance policy which covers certain liabilities of directors and officers arising out of claims based on acts or omissions in their capacities as directors or officers.

Related Party Transactions Policy

Our Board of Directors has adopted a written related person transaction policy setting forth the policies and procedures for the review and approval or ratification of related person transactions. This policy covers, with certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act of 1933, as amended (the "Securities Act"), any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, where the amount involved exceeds the lesser of (i) \$120,000 or (ii) one percent of the average of our total assets at year end for the last two completed fiscal years, in any fiscal year and a related person had, has or will have a direct or indirect material interest, including without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person. In reviewing and approving any such transactions, our Audit Committee is tasked with considering all relevant facts and circumstances, including, but not limited to, whether the transaction is on terms comparable to those that could be obtained in an arm's length transaction and the extent of the related person's interest in the transaction. All of the transactions described in this section occurred prior to the adoption of this policy.

PROPOSAL NO. 1-ELECTION OF DIRECTORS

In accordance with the Company's certificate of incorporation and bylaws, the Board of Directors is divided into three classes of approximately equal size. The members of each class are elected to serve a three-year term with the term of office of each class ending in successive years. Helen Boudreau, M.B.A., Lucian Iancovici, M.D. and Christine A. Nash, M.B.A., are the Class II directors whose terms expire at the Company's 2023 Annual Meeting of stockholders. Each of Ms. Boudreau, Dr. Iancovici and Ms. Nash has been nominated for and has agreed to stand for re-election to the Board of Directors to serve as a Class II director of the Company for three years and until their successors are duly elected and qualified or until their earlier death, resignation or removal.

Our bylaws provides for a majority voting standard for the election of directors in uncontested elections, which provides that to be elected, a director nominee must receive a greater number of votes FOR his or her election than votes AGAINST his or her election. The number of votes cast with respect to that director's election excludes abstentions and broker non-votes with respect to that director's election. In contested elections where the number of director nominees exceeds the number of directors to be elected, the voting standard will be a plurality of the shares present virtually in person or by proxy and entitled to vote.

It is intended that, unless you give contrary instructions, shares represented by proxies will be voted for the election of each of the nominees listed above. Rallybio has no reason to believe that any nominee will be unable to serve. In the event that either or both nominees is unexpectedly not available to serve, proxies may be voted for another person nominated as a substitute by the Board of Directors, or the Board of Directors may reduce the number of directors to be elected at the Annual Meeting. Information relating to each nominee for election as director and for each continuing director, including his or her period of service as a director of Rallybio, principal occupation and other biographical material is shown earlier in this proxy statement.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" EACH OF THESE NOMINEES FOR CLASS II DIRECTOR, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

PROPOSAL NO. 2-RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify the Audit Committee's selection of Deloitte & Touche LLP ("Deloitte"), as our independent registered public accounting firm for the fiscal year ending December 31, 2023. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of Deloitte, and Deloitte has served as our independent registered public accounting firm since 2018.

The Audit Committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm's performance. Although ratification is not required by our bylaws or otherwise, the Board of Directors is submitting the selection of Deloitte to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if the committee determines that such a change would be in the best interests of the Company and our stockholders.

We expect that a representative of Deloitte will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all auditing services, internal control related services and permitted non-audit services (including the fees and terms thereof) to be performed by Deloitte, subject to the *de minimis* exception for non-audit services that are approved by the Audit Committee prior to the completion of an audit. The Audit Committee may delegate pre-approval authority to one or more members of the Audit Committee consistent with applicable law and listing standards, provided that the decisions of such Audit Committee member or members must be presented to the full Audit Committee at its next scheduled meeting. The Audit Committee is responsible for the audit fee negotiations associated with our retention of Deloitte.

Principal Accountant Fees and Services

We regularly review the services and fees of our independent registered public accounting firm. These services and fees are also reviewed by the Audit Committee on an annual basis. The aggregate fees billed for the fiscal years ended December 31, 2022 and 2021 for each of the following categories of services are as follows:

Fee Category	Fiscal Year Ended	
	2022	2021
Audit Fees	\$ 866,604	\$ 1,368,429
Audit-Related Fees	—	—
Tax Fees	5,432	299,708
All Other Fees	1,914	3,828
Total Fees	\$ 873,950	\$ 1,671,965

Audit Fees. Audit fees for the fiscal years ended 2022 and 2021 consist of fees billed for professional services provided in connection with the audit of our annual financial statements, the review of our quarterly financial statements, and audit services that are normally provided by an independent registered public accounting firm in connection with regulatory filings and were \$671,604 and \$593,429 respectively. The audit fees for the fiscal year ended December 31, 2022, include fees for professional services provided in connection with our Form S-3 registration statement filed in August 2022 and our follow-on offering in November 2022, including comfort letters, consents and review of documents filed with the SEC, which totaled \$195,000. The audit fees for the fiscal year ended December 31, 2021 include fees for

professional services provided in connection with our registration statements and initial public offering, including comfort letters, consents and review of documents filed with the SEC which totaled \$775,000.

Tax Fees. The tax fees for the fiscal year ended 2022 consist of tax services related to tax compliance. The tax fees for the fiscal year ended 2021 consist of tax services related to the corporate restructuring and liquidation of Rallybio Holdings, LLC. associated with our initial public offering.

All Other Fees. All other fees represent payment for access to Deloitte & Touche LLP online software tools.

The Audit Committee pre-approved all services performed since the pre-approval policy was adopted.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR” THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR OF SUCH RATIFICATION UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

Householding of Proxy Materials

SEC rules concerning the delivery of annual disclosure documents allow us or your broker to send a single Notice of Proxy Materials or, if applicable, a single set of our proxy materials to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family, unless we have received contrary instructions from one or more of the stockholders. This practice, referred to as "householding," benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our Notices of Proxy Materials, annual reports, proxy statements and information statements.

We will undertake to deliver promptly, upon written or oral request, a separate copy to a stockholder at a shared address to which a single copy of the Notice of Proxy Materials or proxy materials was delivered. You may make a written or oral request by sending a notification to our Secretary at the address or telephone number above, providing your name, your shared address, and the address to which we should direct the additional copy of the Notice of Proxy Materials or proxy materials. Multiple stockholders sharing an address who have received one copy of a mailing and would prefer us to mail each stockholder a separate copy of future mailings should contact us at our principal executive offices. Additionally, if current stockholders with a shared address received multiple copies of a mailing and would prefer us to mail one copy of future mailings to stockholders at the shared address, notification of that request may also be made through our principal executive offices. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

Stockholder Proposals and Nominations

Requirements for Stockholder Proposals to be Considered for Inclusion in our Proxy Materials. To be considered for inclusion in next year's proxy statement, stockholder proposals must be received by our Secretary at our principal executive offices no later than the close of business on December 12, 2023, which is 120 days prior to the date that is one year from this year's mailing date of April 10, 2023.

Requirements for Stockholder Proposals or Director Nominations to be Brought Before an Annual Meeting. Our bylaws provide that, for stockholder nominations to the Board of Directors or other proposals to be considered at an annual meeting, the stockholder must have given timely notice thereof in writing to the Secretary at Rallybio Corporation, 234 Church Street, Suite 1020, New Haven, CT 06510. The Nominating and Corporate Governance Committee does not have a written policy regarding stockholder nominations, but has determined that it is the practice of the committee to consider candidates proposed by stockholders if made in accordance with our bylaws. To be timely for the 2024 annual meeting, although not included in the proxy statement, the stockholder's notice must be delivered to or mailed and received by us not earlier than the close of business on the 120th day nor later than the close of business on the 90th day prior to the anniversary date of the prior year's annual meeting, except that if the annual meeting is set for a date that is not within 30 days before or after such anniversary date, we must receive the notice not later than the close of business on the tenth day following the day on which we first provide notice or public disclosure of the date of the meeting. Assuming the date of our 2023 annual meeting is not so advanced or delayed, stockholders who wish to make a proposal at the 2024 annual meeting must notify us no earlier than January 18, 2024 and no later than February 17, 2024. Such

notice must provide the information required by our bylaws with respect to each matter the stockholder proposes to bring before the 2024 annual meeting.

Any stockholder who intends to solicit proxies in support of a director nominee other than the Company's nominees must also comply with Rule 14a-19 under the Exchange Act.

Upon receiving such a communication, the Secretary will promptly forward the communication to the relevant individual or group to which it is addressed. Certain items that are unrelated to the Board's duties and responsibilities may be excluded, such as spam, junk mail and mass mailings, resumes and other forms of job inquiries, surveys and business solicitations or advertisements. The Secretary will not forward any communication determined in his good faith belief to be frivolous, unduly hostile, threatening, illegal or similarly unsuitable.

Other Matters

As of the date of this proxy statement, the Board of Directors does not intend to present any matters other than those described herein at the Annual Meeting and is unaware of any matters to be presented by other parties.
